## DETAILED ACTION

### *Claim Rejections - 35 USC § 103*

1. Claims 1, 3-6 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ditzig in view of Clark (#5,871,323). Ditzig shows a method of making a container comprising : forming a cover with a spine 106 with a front 52 and back, forming a tray with a front 48, spine 68, and back 49 separably attached to one another with lines of weaknesses 56, 58. Ditzig show applying adhesive 76, 77, 78 on tray and placing the tray on cover means. The cover is closed as the cover is disclosed as being bound to along the periphery (col 5 lines 40+). Ditzig does not show the curing adhesive means as claimed. However, Clark discloses the use of adhesive that binds immediately with pressure as well as binding that is cured for a period of time as well. Clark also discloses applying the adhesive to a spine and then pressing the spine onto the cover (col 6 line 30+ and col 7 lines 25+). It would have been obvious to one of ordinary skill in the art at the time of the invention to provide Ditzig with adhesive applying means as taught by Clark to provide for an alternative bonding means that is within the realm of one of ordinary skill in the art.
2. Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection. Examiner still interprets "separably attached" with the lines of weaknesses 56, 58 as discussed supra.
3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 3721

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

4. Claims 7-11 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
